

PRODUCT SUMMARY

Young Living's AlkaLime[®] now comes in convenient single-serve stick packs, so you can enjoy it on the go. Formulated with Lemon and Lime essential oils, organic lemon powder, and biochemical mineral cell salts, this effervescent supplement formula starts working right away to soothe the occasional upset stomach. The citrus notes are sure to brighten your mood, and the mineral cell salts help support optimal pH balance in the stomach. Store a few packs in your purse or backpack and enjoy them on those hurried or stressful days when acidity soars.

KEY INGREDIENTS

Biochemical mineral cell salts, Calcium (as Calcium carbonate, Calcium phosphate, Calcium sulfate), Sodium (as Sodium bicarbonate, Sodium phosphate, Sodium sulfate), Potassium (as Potassium bicarbonate, Potassium chloride, Potassium phosphate, Potassium sulfate), Lemon powder, Lemon peel oil, Lime peel oil

EXPERIENCE

Tear open a single-serve stick pack and pour into 4–6 ounces of pure, cool water. Stir lightly, allowing the minerals to effervesce. Pause and savor the light and brisk lemon-lime flavor.

PRODUCT BACKGROUND

So many foods are loaded with sugars and stimulants, impeding the body's ability to foster a healthy pH balance. We developed AlkaLime[®] as a natural alkalizing supplement that is free of artificial colors, flavors, or sweeteners. Various biochemical mineral cell salts combine with Lemon and Lime essential oils to help maintain optimal pH in the stomach. And because your busy work days and active evenings don't have room for a bulk container, we now offer single-serve, easy-to-open packets that you can use as an alkalizing solution on the go.

BENEFITS & FEATURES

- Absorbed easily and quickly by the body
- Effervescent formula starts working right away to soothe the occasional upset stomach
- Gentle on the stomach
- Helps maintain optimal pH in the stomach
- Free of artificial colors, flavors, or sweeteners, and formulated with nine biochemical mineral cell salts, the refreshing taste of Lemon and Lime essential oils, and organic lemon powder
- Comes in convenient single-serve stick packs

DIRECTIONS

Empty 1 stick pack into 4–6 ounces of distilled or purified water. Let sit for 20–25 seconds. Gently stir until mixed, then drink immediately. Take 1–3 times daily, 1 hour before meals or bedtime.

ALKALIME® SINGLE-SERVE STICK PACKS

CAUTIONS

- Mix with water only.
- Keep out of reach of children.
- Not recommended for sodium-restricted diets.
- If you are pregnant, nursing, taking medication, or have a medical condition, consult a health professional prior to use.
- Store in a cool, dry place, away from excessive heat and direct sunlight.

FREQUENTLY ASKED QUESTIONS

Q. Do the AlkaLime® single-serve stick packs contain the same ingredients as the AlkaLime powder that comes in the bulk container?

A. Yes, it's the same product. It's just packaged for more convenient on-the-go use.

Q. What are biochemical mineral cell salts?

A. Biochemical mineral cell salts are mineral salts that exist in human tissue cells and appear to play a critical role in cellular metabolism. They have been studied for their use to support cellular homeostasis. AlkaLime® is formulated with cell salts to support cell function.

Q. How does AlkaLime® work to balance the stomach's pH levels?

A. Calcium, sodium, potassium, and lemon powder mix with water to create effervescent bubbles that begin working immediately upon consumption to help balance and support the stomach's natural pH levels.

Q. Who should use AlkaLime®?

A. AlkaLime® is great for anyone wanting increased minerals in their diet or achieve more balanced pH levels in the stomach.
