

PRODUCT SUMMARY

AminoWise was developed and formulated to fill a need for an optimized post-workout product within the Nutritional Product Line. It is more than just an amino acid supplement. It is triple-targeted with branched chain amino acids for muscle building and repair, polyphenol and antioxidants for recovery, and a hydrating mineral blend to replace important minerals that are lost during exercise. This triple-targeted formula makes AminoWise a perfect during and post-workout supplement.

KEY INGREDIENTS

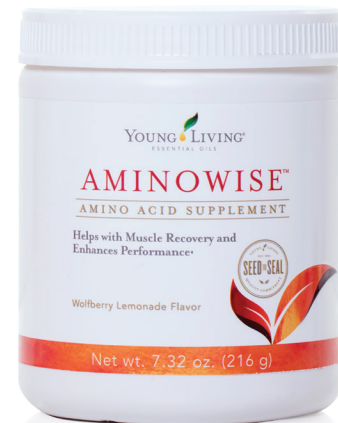

Branched Chain Amino Acids (2:1:1 leucine, iso-leucine, valine), L-citrulline, L-glutamine, B-alanine, L-arginine, L-taurine, Ningxia wolfberry (*Lycium barbarum*) fruit powder, Lime (*Citrus latifolia*) fruit powder, Polyphenols extract, Zinc, Vitamin E, Lemon and Lime essential oils.

EXPERIENCE

Flavored with Lemon and Lime essential oils, and formulated with wolfberry powder, this refreshing post-workout blend is naturally sweetened and has no added sugar or artificial sweeteners. It is also free of preservatives and synthetic colors.

PRODUCT BACKGROUND

D. Gary Young saw a need for an advanced amino supplement in our current product offering. AminoWise has been formulated with natural ingredients, and in addition to beneficial aminos found in the Muscle Performance blend, we have added a Hydration Mineral blend and Recovery blend for a three-component formula that helps fight fatigue and enhance performance. All this makes AminoWise more than just a branched chain amino acid supplement—it's an advanced, targeted workout essential to aid in recovery and hydration during and after your hardest workout.

BENEFITS AND FEATURES

- Helps support muscles during and after exercise to help fight fatigue and enhance recovery.
- Lessens fatigue and enhances muscle recovery during and after exercise.
- Reduces lactic acid induced by exercise through complex blend of antioxidants and minerals.
- Helps support the production of nitric oxide which can improve vascular blood flow.
- Contains branched chain amino acids which have been shown to aid in preventing muscle catabolism from exercise.
- Supports hydration by replenishing important minerals lost during exercise.
- Provides a good source of Vitamin E and zinc
- Formulated with wolfberry powder
- Flavored with Lemon and Lime essential oils
- Contains no preservatives, synthetic colors, or artificial flavors
- Contains no added sugar or artificial sweeteners

AMINOWISE™

DIRECTIONS

Mix 1 scoop with 8 fl. oz. of water, and consume during or after exercise.

CAUTIONS

- Keep out of reach of children. If you are pregnant, nursing, taking medication, or have a medical condition, consult a health care professional prior to use.
- Store in a cool, dark place.
